13 AND ART 14 GDPR IN CONNECTION WITH GENERAL MEETINGS

CA Immobilien Anlagen Aktiengesellschaft (hereinafter referred to as "CA Immo" or "we") uses various automation-supported systems to enable participation in the General Meeting and the exercise of shareholder rights in connection with the General Meeting. Personal data received in this context will always be processed in compliance with the European General Data Protection Regulation ("GDPR") ("*Datenschutz-Grundverordnung*", *DSGVO*), the Austrian Data Protection Act, the Austrian Stock Corporation Act (AktG) and the Austrian Stock Exchange Act (BörseG) as well as any other relevant legal provisions.

The following information describes how we process your personal data in connection with the organization of the General Meeting of CA Immo.

1. DATA PROCESSING

1.1 Purpose of data processing

Most of the CA Immo-shares are bearer shares¹. The entitlement to participate in the General Meeting and to exercise the voting right and other shareholder rights assertable at the General Meeting is determined by the share ownership on the record date. To participate in the General Meeting, shareholders must evidence their shareholding at that date. For bearer shares, evidence of share ownership on the record date must be issued by way of a deposit confirmation according to Section 10a Austrian Stock Corporation Act (AktG). We are processing your data from the deposit confirmation as evidence for the shareholding in order to enable you to attend the General Meeting and to exercise your rights as a shareholder.

The processing of personal data in connection with the organization of General Meetings is carried out in detail for the following purposes:

- organisation of attendance in the General Meeting by creation of a attendance list including all participants (shareholders, proxies and guests);
- verification of the right to participate as a holder of bearer shares or proxy of a shareholder;
- processing of registration for the General Meeting (creation of a registration list);
- documentation of the granting and revocation of powers of attorney (creation of a list of proxies);
- exercise of shareholder rights at the General Meeting;
- drawing up the minutes of the General Meeting;
- recognition of the voting behavior and documentation of the voting result;

¹ The following explanations also apply to holders of registered shares. However, for holders of registered shares beyond the data processing mentioned additional data processing is required.

- fulfilment of compliance obligations, including recording, information and reporting obligations.

Further your personal data are processed to meet further statutory requirements such as supervisory regulations and retention requirements according to stock corporation, company and tax law.

If you do not provide the data on the deposit confirmation, we cannot check your ownership of shares. This would mean that you would not be allowed to attend the General Meeting and that you might not be granted other shareholder rights.

Data for admission to the General Meeting: Upon entry to the General Meeting, we collect your ID data (ID number, type of ID and issuing authority) for identification as a participant, as well as the number of the voting card, in the event that you participate as a shareholder or his or her proxy.

Data of the proxies: Every shareholder, entitled to attend the General Meeting, has the right to appoint a natural or legal person as proxy. We must also process the data of this proxy (including his ID data) accordingly. In the event that you are represented at the General Meeting, we will collect the data of your proxy, namely his name, address, company register number, date of birth, scope of the power of attorney and ID data.
